**Re: RACP-Crispus Attucks Association  
Early Learning Center**

Dear Mr. Dreher:

This letter is provided in connection with the application of the City of York to the Redevelopment Capital Assistance Program on behalf of the Crispus Attucks Association for the development of its Early Learning Center.

The City of York is a Third Class City of the Commonwealth of Pennsylvania. It is my opinion that the City of York, Pennsylvania can legally contract with the Commonwealth of Pennsylvania for financial assistance and has met all state and federal requirements.

There is no threatened or pending litigation involving the RACP Early Learning Center project.

Very truly yours,

Donald B. Hoyt, Esquire  
Assistant Solicitor
